

Church Army Marylebone Project

Mission Champion: Mike Reeves

The Church Army Marylebone Project provides:

- 112 long and short term beds to homeless women in London;
- essential facilities and support to women who visit the rough sleeper's drop-in. (The Project is currently working hard to achieve its vision of developing this into a 24/7 drop-in service for vulnerable women.)
- education, employment and training opportunities and meaningful activities in order to support service users into independent living.

The women the Project supports are often affected by substance misuse, unemployment, domestic violence and mental health issues. Whatever their story, the Project aims for the same ending; self-esteem, employment and independent living. It does this by providing shelter, emotional support, education opportunities, spiritual space, and events in a welcoming and secure environment.

Values of the Project:

- Hospitality - welcoming and respecting women into an inclusive, safe and secure environment
- Empowerment - equipping women to make informed choices and to have a voice
- Resettlement – encouraging and supporting women towards independent living
- Spirituality - giving each woman hope to live life to the full because God loves us all unconditionally
